## Adding Widget To My Website Step-By-Step

View Loom Video Here

<u>Step 1:</u> In separate tabs, open your Simply Home BHGRE agent dashboard and your Moxi MyWebsite backend editor

Step 2: In the Website editor, click "Site Pages" on the left-hand side of the screen.

Step 3: Click "Add New," make sure the dropdown menu has "Custom Page" selected and click "Submit."

Step 4: You should see the following...

	Word count: 0	Parent

Add "My Home Value" as the page title and then click "Save Draft."

<u>Step 5:</u> Under the Page title, next to "Text Editor," select "Builder." This will launch the webpage builder. You should see the following...

Step 6: In the right-hand menu, at the top, select "Templates."

Step 7: Click the dropdown arrow and select "Brokerage Templates" and then "Home Valuation Tool"

<u>Step 8:</u> Hover your mouse above the "Want More Insights Into Your Local Market?" and show a light blue box (like below) and click.

This will open an HTML window with the following...

HTML	L	
General	Advanced	
* <5	:! Copy all of this code and replace it with the code found in the "Widget" menu on your Simply Home profile> .script src="https://widget.staging.homekeepr.com/valuation/assets/dist/widget.min.js" type="text/javascript"> <div data-agent="653bb444</td> <td></td>	

<u>Step 9:</u> In your Simply Home BHGRE Dashboard, enter the "Widget" tab on the left-hand side.

<u>Step 10:</u> Click "Copy Code" in the "Embed Code" box. This is the code you'll paste into the HTML file in Moxi.

## Embed Code

Choose the code type you prefer below and paste it into an HTML page on your website.			
JavaScript (Recommended)	🔿 Iframe		
<script javascript"<br="" src="https://wi&lt;br&gt;type=" text="">data-tenant="simplyho</td><td>dget.homekeepr.com/valuation/assets/dist/widget.min.js" ></script> <div <br="" data-agent="654a5ff2f119a80f2e015fb4">mebhgre.app" id="hk-widget-valuation"&gt;</div>			
	Copy Code 🖉		

<u>Step 11:</u> Back on your webpage editor, delete all of the text in the HTML box, and paste in the copied code from Simply Home.

## Step 12: Click "Save"

Step 13: In the top right corner of the webpage editor, click "Done" and then "Publish."

Notes:

- You may need to refresh your page once the editor has published your page for the widget to populate.
- Verify your URL reads "/my-home-value" < this will ensure your old links from Delta's valuation tool get sent to your new website's tool.
